by deleting all language after the enacting clause and by substituting instead the following:

SECTION 1. Tennessee Code Annotated, Title 63, Chapter 10, is amended by adding the following language as a new Part 7:

Section 63-10-701. (a) The board of medical examiners shall have the authority to modify any of its orders concerning actions taken pursuant to subsection 63-6-214(b)(10), upon request of any party, by issuing a conditional license to practice medicine in this state to a person whose license has previously been denied, withheld, suspended or revoked in accordance with that subsection because the individual was convicted of an offense under state or federal drug laws. The board may take such action only:

(1) After the expiration of any sentence imposed upon a person convicted of such an offense, without consideration of whether the individual was released or remained incarcerated throughout the term of such sentence; provided, however, in no event shall the board take such action until at least three (3) years following the expiration of such sentence;

(2) After the individual has fully complied with any other terms of such sentence, such as payment of a fine or performance of community services;

(3) If that individual has made arrangements that are satisfactory to the board, in its discretion, to practice under the supervision of a

licensed physician for a period of not less than five (5) years after the
issuance of the conditional license;

(4) The individual has entered into an agreement with the
Tennessee Medical Foundation or other professional associations or
foundations which the board, in its discretion, finds to be satisfactory, and

(5) The individual discloses the fact that he or she has a
conditional license and the basis for such conditions, in writing, to all of
his or her patients.

The failure of an individual who has been granted a conditional license pursuant
to this subsection to fully comply with the conditions set forth in the preceding sentence
shall be cause for the immediate termination of that conditional license in accordance
with applicable provisions of Section 63-6-214.

(b) Any national, state or local public or private organization, institution,
foundation, system, provider network or professional association or society that
maintains a peer review committee or any managed care organization regulated under
Title 56, Chapter 32, or any entity regulated under Chapters 7, 25, 26, 27, 28, 29, and 32
of Title 56 that contracts with or employs physicians to render health care services to
individuals covered or insured by such organization or entity in accordance with
applicable state laws and maintains a peer review committee shall not refuse to grant
privileges to or contract with a physician solely because that physician has been

convicted of an offense under state or federal drug laws prior to the effective date of this act, if:

(1) such physician has satisfied the conditions set forth in subsection (a);

and

(2) the physician holds a conditional medical license issued pursuant to subsection (a).

Provided, however, such entities or organizations shall not be required to grant privileges to or contract with such a physician, unless that physician:

(1) Is not subject to any Medicare, Medicaid or TennCare sanction;

(2) Has an unrestricted certificate from the federal drug enforcement administration;

(3) Satisfies all of the entity's or organization's credentialing requirements, including acceptance by an organization's peer review committee; and

(4) Accepts and complies with all terms and conditions of the privileges or contract offered to that physician by that entity or organization.

There is a presumption that an entity or organization who grants privileges to or contracts with a physician pursuant to this subsection has exercised reasonable care in taking such action.

The provisions of this section shall expire July 1, 2000.
